

RITANSHU BABUTA

MERN FULL STACK DEVELOPER • NEXT.JS DEVELOPER

Delhi, India | +91 9958186814 | ritanshubabuta399@gmail.com

PROFILE

MERN Full Stack Developer with 12 months of professional experience building business-focused web applications. Hands-on with Next.js, React.js, Node.js, Express.js, MongoDB, REST APIs, authentication, payment integration, responsive UI, deployment, debugging, and performance optimization.

CORE STACK

Frontend: HTML5, CSS3, JavaScript, React.js, Next.js, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, PHP, REST APIs, Auth, CRUD

Database: MongoDB, MySQL, data integration, query optimization

Tools: Git, GitHub, VS Code, Postman, Vercel, Cloudinary, XAMPP

EXPERIENCE

Associate MERN Full Stack Developer | ADS247365 India Pvt. Ltd.

12 MONTHS

- Developed full-stack features using Next.js, React.js, Node.js, Express.js, and MongoDB.
- Built reusable responsive UI components, REST APIs, CRUD workflows, authentication, protected routes, and E-commerce functionality.
- Worked on products, customers, orders, inventory, payment integration, debugging, optimization, testing, and deployment.
- Contributed to an Inventory Management System covering products, warehouses, stock add/remove/transfer, stock movements, orders, users, logs, and dashboards.
- Worked with product variants including sizes, colors, and designs; used AI-assisted tools for debugging and rapid prototyping.

Software Development Intern | NCERT, New Delhi

3 MONTHS

- Assisted with inventory and operational management modules using HTML, CSS, JavaScript, Bootstrap, PHP, and MySQL.
- Worked on database optimization, debugging, testing, and software enhancements under senior developer supervision.

SELECTED PROJECTS

VastraDrobe | Fashion E-commerce

Next.js • MERN • Tailwind CSS • MongoDB • Cloudinary

Modern fashion storefront with category browsing, search/filtering, product pages, authentication, cart, favorites, checkout, recommendations, responsive UI, media integration, and performance optimization.

Inventory Management System | Business Operations

Next.js • Express • MongoDB • JWT • ExcelJS

Operational platform for products, variants, warehouses, inventory, stock movements, orders, users, activity logs, role-based access, API workflows, and Excel export. Serves as the authoritative product/inventory layer for the storefront.

CRM System | Customer & Lead Management

Next.js • Node.js • Express • MongoDB

CRM platform with customer records, lead/workflow management, dynamic dashboards, CRUD operations, backend APIs, database integration, and responsive interfaces.

R.K.S Grocery | Live E-commerce

Next.js • React • Node.js • Express • MongoDB

Live local-vendor E-commerce platform with authentication, payment integration, product/order/cart management, search, filtering, categories, and MongoDB-backed APIs.

EDUCATION & CERTIFICATIONS

B.Tech, Computer Science Engineering

Delhi Technical Campus (GGSIPU)

AI Minor • 2021–2025

Class 12, Science (PCM)

Sahoday Sr. Sec. School (CBSE) • 80%

MERN Full Stack Development — QSpiders

Practical training in React.js, Next.js, Node.js, Express.js, MongoDB, APIs, authentication, responsive UI, debugging, and database connectivity.

Certifications: Android App Development Masterclass — Udemy • Basics of React JS — Infosys
